Response Type: Anonymous Response	Collector: Local plan review (Web Link)
Custom Value: empty	IP Address: empty
Response Started: Wednesday, August 14, 2013 6:11:36 PM	Response Modified: Wednesday, August 14, 2013 6:21:36 PM

1. Amount and distribution of development - which option do you prefer and are there any alternatives we should consider?

Option 2: Disperse development more widely, increasing the number of villages with settlement limits, allowing the larger villages to expand and reducing the pressure on the three main towns to meet the majority of the district's development needs

2. Housing - which option do you prefer and are there any alternative options we should consider?

Option 2: Revise policies according to up-to-date and relevant evidence about matters such as housing need, demand and viability.

3. Employment - which option do you prefer and are there any alternative options we should consider?

Other (please specify) - Please reconsider the need for so much employment land. I fear most people living in the EUE in Tiverton (for example) will work in Exeter, Taunton, South Molton and Barnstaple and NOT in Tiverton. Please also reconsider Junction 27 which is far better suited to what you are currently proposing.

4. Retail - which option do you prefer and are there any alternative options we should consider?

Option 1: Continue with a similar policy approach to the one previously adopted, which protects and enhances town centres, applying a sequential approach that directs development to the town centre first (in accordance with national policy) and provides for some retail growth in Tiverton in line with the Retail Study's recommendations.

5. Infrastructure - which option do you prefer and are there any alternative options we should consider?

Option 2: A greater number of smaller development allocations require minimal infrastructure within the site. The Community Infrastructure Levy is spent on all types of infrastructure in the local area.

6. Environment - which option do you prefer and are there any alternative options we should consider?

Option 2: Replace the policy with a broader environmental strategy that sets out the principles underpinning more detailed policies on subjects such as landscape protection, flood prevention and heritage assets.

7. Tiverton - which option do you prefer and are there alternative options we should consider?

Other (please specify) - I accept that expansion to the East will be necessary due to geography as much as anything. However, the scale of the proposed EUE is simply too great and unnecessary. A much smaller expansion East, allied to development of existing brownfield and some small greenfield sites elsewhere in Tiverton should be investigated please.

8. Cullompton - which option do you prefer and are there any alternative options we should consider?

No Response

9. Crediton - which option do you prefer and are there any alternative options we should consider?

No Response

10. Bampton - which option do you prefer and are there any alternative options we should consider?

No Response

11. Villages - which option do you prefer and are there any alternative options we should consider?

Option 2 Take a more permissive approach to development in villages (see Amount and Distribution of Development section)

12. Managing Development - which option do you prefer and are there any alternative options we should consider?

Option 2 Amend the policies in response to any updates to national policy or guidance, and any lessons learned through the implementation of LP3 policies

13. What is your name? (Anonymous responses will not be registered)

Peter Green

14. Please provide your postal address (your response will not be registered without an address)

House name/number - 8

Street - Fairway

Village/town - Tiverton

County - Devon

Postcode - Ex16 4NF
