Dear Mojca

I have carried out an initial assessment of the Crediton Neighbourhood Plan documents and I have a number of questions which are set out in the note attached.

I would be grateful if you could share these with the Town Council and look forward to receiving your responses in due course.

Please note that these questions and requests are a public document and the answers and any associated documents will also be in the public domain. Both my questions and the responses should be placed on the Councils' websites as appropriate.

Kind regards

Barbara
