INFRASTRUCTURE FUNDING STATEMENT

2023/24

MID DEVON DISTRICT COUNCIL

The Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019

ANNUAL INFRASTRUCTURE FUNDING STATEMENTS

Regulatory Background

121A.—(1) Subject to paragraph (2), no later than 31st December in each calendar year a contribution receiving authority must publish a document (“the annual infrastructure funding statement”) which comprises the following—

(a) a statement of the infrastructure projects or types of infrastructure which the charging authority intends will be, or may be, wholly or partly funded by CIL (other than CIL to which regulation 59E or 59F applies) (“the infrastructure list”);

(b) a report about CIL, in relation to the previous financial year (“the reported year”), which includes the matters specified in paragraph 1 of Schedule 2 (“CIL report”);

(c) a report about planning obligations, in relation to the reported year, which includes the matters specified in paragraph 3 of Schedule 2 and may include the matters specified in paragraph 4 of that Schedule (“section 106 (S106) report”).

(2) The first annual infrastructure funding statement must be published by 31st December 2020.

(3) A contribution receiving authority must publish each annual infrastructure funding statement on its website.

(4) Nothing in paragraph (1) requires a contribution receiving authority to include in its annual infrastructure funding statement any information in relation to CIL which it collects on behalf of another charging authority.

(5) In this regulation, “contribution receiving authority” means—

(a) any charging authority which issues a liability notice during the reported year;

(b) any local planning authority (within the meaning in section 1 of the TCPA 1990 as that section has effect subject to sections 2 to 9 of that Act) to which a sum is required to be paid under a planning obligation, entered into during the reported year, or which will receive a non-monetary contribution under the obligation.

In line with the requirements of Regulation 121A of The Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019 Mid Devon District Council has produced the following report;

INFRASTRUCTURE FUNDING STATEMENT 2023/24

INTRODUCTION

Mid Devon District Council does not charge a Community Infrastructure Levy and therefore the sole content of this report relates to developer contributions from S106 planning obligations.

The report consists of two parts;

- a statement of the infrastructure projects or types of infrastructure which the charging authority intends will be, or may be, wholly or partly funded by developer contributions (*"the infrastructure list"*) (The Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019; Regulation 121A; paragraph 1(a)); and
- a report about planning obligations, in relation to the reported year; 1st April 2023 to 31st March 2024; (*"the S106 report"*).

The S106 report takes the form of a number of factual tables. Where any information held within the table has been estimated this will be indicated as such.

Details of the relevant legislation including matters to be included in the S106 report, a list of the tables and a brief explanation of the contents of each table can be found on the following pages.

INFRASTRUCTURE FUNDING STATEMENT 2023/24

PART ONE: THE INFRASTRUCTURE LIST

The Infrastructure List has been broken down into three categories of priority;

- PRIORITY #1: HIGH IMPORTANCE
- PRIORITY #2: IMPORTANT, and
- PRIORITY #3: DESIRABLE

Under each of these headings the list is broken down by Infrastructure Type (in bold type) and then Infrastructure Item.

Where a location is not specified it should be inferred that the infrastructure type of item should be considered district wide.

Inclusion on the list does not mean that any infrastructure item will receive funding but the list will be used as a reference document for informing Heads of Terms for new S106 Agreements and also for prioritising the expenditure of existing S106 funds.
